ByStar Engineers' Promise

ByStar Engineers, the producers of the ByStar Digital Ecosystem, make the following commitments that we agree to abide by:

1. ByStar will remain 100% Libre/Halaal Software

    We provide the guidelines that we use to determine Libre/Halaal Software in Defining Libre/Halaal Manner-Of-Existence Of Software. PLPC-120041.

    We promise that the ByStar and all its components will be Libre/Halaal according to these guidelines.

    We will never make ByStar require the use of any software component that is not Libre/Halaal Software.

2. ByStar will remain 100% Libre/Halaal Services We provide the guidelines that we use to determine Libre/Halaal Services in Libre Services A non-proprietary model for delivery of Internet services http://www.freeprotocols.org/PLPC/100101

    We promise that the ByStar and all its service components will be Libre/Halaal according to these guidelines.

    We will never make ByStar require the use of any service component that is not Libre/Halaal Service.

3. Our priorities are preservation of autonomy and privacy of the Individual

    We will be guided by the sacredness of autonomy and privacy of the individual. We will place this interests first in our priorities.

4. We will not hide problems

    We will keep our entire bug report database open for public view at all times. Reports that people file online will promptly become visible to others.
